## My jio music caller tune app

JioTunes brings you an interesting way to express your mood with your song of choice. Change your song according to your mood. Choose from more than 4 lakh song genres such as Bollywood, regional, international, instrumental, devotional. Change your ringtone anytime, for free. What is JioTunes? Say this with JioTunes before you say hello. You can set your choice of song as JioTune and your callers will listen instead to dull Tring-Tring. You can choose JioTunes from our large collection of songs from Bollywood to International, dedication to regional and many other genres. You can download the MyJio app from the Google Play Store/App Store and set the song you want as JioTune. How do I search for songs to set up as JioTune? To set a song like JioTune, you can download MyJio from the App Store/Google Playstore by going to the JioTunes section of the Useful Links section and searching for a song of your choice to set it as your JioTune. Other ways to search and set your JioTune: SMS's first three words to song your choice 56789. You will get a list of songs carrying these three words and instructions on how to set your chosen song as your JioTune. You can also search for songs from specific genres, singer's name, movie name, or album title by sending an SMS singer or movie or album to 56789. You can also simply send un to 56789 and follow the instructions to set a certain song as your JioTune. How do I activate JioTunes on my smartphone? You can activate JioTunes using one of these simple methods – through the MyJio app IVR Copy JioTune from another Jio client SMS Download MyJio app from play store or app store Open MyJio app and select JioTunes from useful links listen preview and select Set as JioTune Get verification screen and SMS activation IVR: Dial 56789 from Jio number you want set JioTune Select your selected song from Top Songs set as your JioTune Copy JioTune another JioTune client; press \* (star) before the call answered you will get an SMS confirm your consent you need to reply to this SMS with Y within 30 minutes and the selected JioTune will be activated by your Jio number SMS: send an SMS message with the first 3 selected songs, movie or album words up to 56789 (free). You will get an SMS with a list of songs matching your contribution along with instructions on how to determine your choice of song as your JioTune. Or you can SMS UN to 56789 and follow the instructions. My choice of song is not on the SMS list on JioTunes? Sometimes, a certain song is not like JioTune from the music label itself. However, the JioTunes Library has a 4 lakh plus collection of songs from which you can choose your Own JioTune. What are the JioTunes fees? JioTunes is currently offered to Jio customers for free. You can also change your JioTune any number of times using the Jio app. If JioTunes is to be available on a basis in the future, you will be communicated accordingly. When my call gets into waiting, can the caller hear my JioTunes? If the call is pending, the caller will listen to the default call waiting message. Is the JioTunes service supported on all phones? Yes, the JioTunes service is supported on all phones that support 4G voice and data services. If you are a Jio subscriber and bored that old ringing sound tring tring and want to give your caller a taste of your personality. Another amazing fact about setting caller tunes is that sometimes a caller calls you and you can't answer a call right away because you haven't heard or feel your phone ringing (as your phone's ringtones are not that much loud in noisy areas and mobile phones take time to increase the volume of the call). In these cases, the caller thinks you are busy or you will not answer, so they disconnect the call before receiving a hangup. In such cases, Hello tunes or caller tunes entertain the caller while calling you so that they can't disconnect the call very quickly or wait until the call is automatically disconnected. How to set caller Ringtone Jio Saavn There are three ways to enable the caller's ringtone for your Jio number. An Jio Subscriber can easily enable the caller's ringtone service with the help of the Jio Saavn Caller Tunes App or Sending SMS or setting the same ringtone for another user you are calling. Setting the caller's ringtone on the Jio number via JioSaavn Music Appln the First Step, you have to open the play store on your smartphone and search for the Jio Saavn App or open this link to download the JioSaavn Music App. After downloading the app, create a Jio account or log in with your Jio number. After signing you will receive an OTP your numberNow, Search for your favorite song or you can also choose a ringtone from top JioTunes Category. Now, you will see three points in the upper right corner of your mobile screen, tap three points and then you will see a button to play above the Seto JioTune button, tap the Play button to hear JioTune. Then, tap set As JioTune. You done successfully set the caller ringtone Jio Saavn. How To Set Caller tune in Jio Via SMSThis method is especially for those users who are not using a smartphone or using the JioPhone.Launch Messaging app on their mobile phone. Then enter the message UN and send it to 56789. Now, you will receive SMS from Jio to select the genre or categories Song. After following the SMS instructions, you will receive a list of songs by SMS. When you select a song, answer Y. Then select your favorite caller tuneDone, you have successfully set the caller's tune Jio.How to copy Jio Tune from another user if you called the phone and you liked his/her caller's tune and you want to set the same tune as your JioTune then this method is for you. Call the user and open the dial pad. Then you hear the IVR saying, Click \* to copy this Jio Tune and then tune will start. Now press \* from Dialer. After that you will receive a confirmation message from Jio. Then you have to reply by sending a message Y Finished, you successfully set the same caller ringtone for your Jio number. As for the steps of CallerTune in Jio NumberIn Above, we discussed How to Set Caller Tune in a Jio Number. Users who want to learn how to disable the Jio Caller tune Service follow these steps: On your mobile phone, start the Messaging app. Now enter the Stop notification and send it to 56789 to turn off the activated caller ringtone in your Jio Issue. In a few seconds you will receive a confirmation message from Jio on your Jio Mobile Phone Number. The Jio Caller Tunes service will be disabled from your Jio number within 24 hours of sending a deactivation request. How to replace Jio CallerTune Using JioSaavn Music App You want to Change Caller Tune Open JioSaavn. Now find the song you want to set as a new caller ringtone for your Jio number. Now you'll see three dots in the upper-right corner of your mobile screen, tap three dots. Then tap set As new to JioTune. Now you will receive a confirmation message within 15 minutes of Jio that your jio ringtone has changed successfully. Done by successfully changing the caller's ringtone to your Jio Number. Using SMSLaunch messaging app on your mobile phone. Then enter the message UN and send it to 56789. Now, you will receive SMS from Jio to select the genre or categories Song. After following the SMS instructions, you will receive a list of songs by SMS. After selecting the song, you must answer Y. Then select your favorite caller TuneDone, you have successfully changed or set the caller ringtone Jio. The SMS method is especially for users who use JioPhone. How JioPhone is difficult to manage jioSaavn app. Users who use JioPhone and want to know how to set the caller ringtone jio network then please refer to the SMS method. Once, any other service will be activated on your device, then call Jio customer service as soon as possible. If any user wants to remove the caller's ringtone and wants the tring tring sound to be activated again, must call Jio customer service and tell them to remove the Jio caller ringtone from my mobile phone number.
